DEALING WITH DISASTER

BREAKS UP, SHOWERS DEBRIS

— by Jamie Fussell, Organizations Editor

Nacogdoches became the center international focus early last year when debris began falling over East Texas from the explosion of the Space Shuttle Columbia, an event which took the lives of six U.S. astronauts and one Israeli astronaut. During the next few months, more than 5,000 debris sites had been identified on campus and within the city and county, according to Emergency Management Coordinator Sue Kennedy.

Students, alumni, faculty and staff members from SFA were a vital part of the recovery efforts, contributing time and talent in areas such as GIS technology, emergency response, security, media communication and technology systems coordination.

During the year, these people were recognized by both national organizations and local groups for their tireless efforts in a time of national crisis. A Resolution of Appreciation from the SFA Board of Regents recognized the efforts expended by the University community during the shuttle disaster.

The Columbia was traveling 12,500 miles per hour 40 miles above the earth and was 15 minutes away from landing in Florida to complete its mission when it exploded over the East Texas area on the morning of Saturday, Feb. 1, 2003. Campus residents and local

citizens reported windows and household belongings shaking from a "sonic boom" when the shuttle came apart.

A Command Center was set up at the Nacogdoches County Sheriff's Office with County Judge Sue Kennedy and Sheriff Thomas Keress coordinating recovery efforts. SFA's Geographical Informational Systems program was invaluable to NASA, mapping the debris sites using global positioning system software and producing debris maps every two hours, according to Dr. James Kroll, forestry professor and director of SFA's Forest Resources Institute, and Dr. Darrel McDonald, geography professor and director of the HUES GIS Laboratory.

Several pieces of shuttle material fell onto the SFA campus, including one in the commuter parking lot in front of New Raguet student apartments.

On Sunday, officials at SFA's University Police Department were asking for volunteers to stand guard over several pieces that were found on campus.

Dr. Tito Guerrero, SFA president, offered empty residence hall rooms as extra housing for volunteers and extended the use of the HPE shower facilities if the volunteers need a place to clean up.

A Memorial Service, offered by the University at William R. Johnson Coliseum on Wednesday night, honored the fallen astronauts and allowed the campus and area communities to pause and reflect upon the magnitude of the tragedy and its cost to the nation and the world. Guerrero said he was proud of the role the University played in the shuttle recovery efforts.

"We at the University recognize and honor the pioneering spirit exemplified by the astronauts, and we remain committed to the country's principles and the objectives of the space program," Guerrero said.

"This was an international tragedy, and SFA and East Texas have been touched in a very personal way."

SHUTTLE COLUMBIA

RIS ON CITY

Nacogdoches residents gathered on Saturday afternoon, Feb. 1, 2003 to view one of more than 1,200 pieces of the Columbia Shuttle scattered throughout the county. Onlookers were blocked from the potentially harmful debris by police tape.

— photos by Sam Craft

(Left) The national media swarms the oldest town in Texas in the wake of the Columbia disaster.

(Above) Two Texas State troopers keep watch over a piece of shuttle debris in downtown Nacogdoches.

Saturday

Sunday

Monday

Saturday, February 1, 2003

7:15 a.m. – Columbia fires braking rockets, begins descent to Earth.

7:52 a.m. – Ground controllers lose temperature data for hydraulic systems in the left side of the shuttle. However, the shuttle seems to be functioning properly.

7:56 a.m. – Sensors detect rise in temperature and pressure in tires on the shuttle's left landing gear.

7:59 a.m. – Data is lost from tire temperature and pressure sensors on the shuttle's left side. One of the sensors alerts the crew, which is acknowledging the alert when communication is lost with the shuttle.

9:00 a.m. – Loud booms are reported across Texas and Louisiana.

9:44 a.m. – Debris from the shuttle begins to be discovered. NASA warns residents of affected areas to stay away from it.

1:00 p.m. – NASA administrators officially announce the loss of the shuttle and all aboard.

2:00 p.m. – The president addresses the nation from the Cabinet Room at the White House. "Columbia is lost," he says. "There are no survivors."

(Above) An EPA member holds a piece a piece of debris found at Raguet Apartments. Monday afternoon.

(Above Left) Bob Coker consoles his daughter, Mita, at the main debris site in Nacogdoches Saturday night. "We just came to pay our respects," he said.

MTV's PHAT HOUSE INVADES SFA

Nacogdoches and SFA were in the spotlight May 7, 2003, when the band Simple Plan and MTV crews arrived to film a new reality TV show titled "Phat House."

Twenty-five contestants from around the country arrived in Nacogdoches to perform a series of stunts and games to win the house or receive a cash prize. Although SFA students were not allowed to compete, they had the opportunity to be in the audience of both the show and the concert.

(Left) SFA students cheer on Simple Plan lead vocalist Pierre Bouvier during MTV's Phat House Contest.

(Below) A member of the MTV crew runs by SFA students throwing out leis before the Phat House Contest.

FRESHMAN ORIENTATION

Every summer for three days SFA is invaded by incoming freshmen who come to see what college is all about and to become part of the SFA family. This year's theme for orientation was the Wild Wild West. With cowboys, cowgirls and thieves as teachers, students learned all about college life, classes, relationships and everything else they needed to know to survive their first semester in the piney woods of East Texas.

(Above) Members of the Wild Wild West gang gather for a group photo.

(Right) Orientation leaders play out a part of modern-day life in a Wild Wild West town.

(Left) Vice President for Alumni Affairs Miles McCall acts out during a Wild Wild West student orientation session.

Purple Haze Inc., Lumberjack Alley...

School Spirit

SFA Pride, Tradition

What began in 2001 as an idea at a leadership conference now has SFA seeing purple. After a member of SGA came up with the idea, the organization began selling Purple Haze T-shirts from their office and at Lumberjack Alley.

Now, two years later, it seems the idea has caught on. The T-shirts are everywhere. They're given to every incoming freshman at summer orientation, and the Purple Haze has its own section at football games.

Another group geared toward school spirit is the Hecklers. In the '80s, the group consisted of male students

from Mays Hall, but it became an official student organization in the fall of 2002.

Membership in the Hecklers is now open to both men and women, and the members vividly live up to their name by sitting behind the visitors' bench and heckling their players.

Complaints and restrictions on their actions (for language isn't allowed) haven't seemed to stop the group from attending nearly every men's and women's basketball game since the group re-formed last fall. Between the Purple Haze and the Hecklers, SFA's got school spirit covered.

(Opposite Page) Students wearing traditional Purple Haze shirts during a home football game against Northern Iowa State University.

(Above Left) A member of the SFA coed cheer squad gives the ax'em jacks symbol during Midnight Mardi Gras.

(Above Top) The SFA Pom Squad performs during Midnight Mardi Gras.

(Above Middle) Lumberjack fans stop for a quick picture before heading to the Purple Haze section in Homer Bryce Stadium.

(Left) Members of Delta Sigma Phi Fraternity take a break from cooking for a quick picture at the communter lot.

Above) Die hard Lumberjack fans show their support
VFA at Lumberjack Alley.
Photos by Sam Craft

An unusually large number of Lumberjack faithful attended a full schedule of events for SFA's 75th annual Homecoming. The Friday bonfire fired up fans for the big game, and Lumberjack Alley brought football fans, spirited students and alumni together for a raucous pre-game tailgate party. Other traditional events included Lumberjack Bash, the Duck Dash and Barbecue and the downtown Homecoming Parade. Homecoming Queen and King were Robyn Bauer, representing Delta Delta Delta, and Jason Oberle, Sigma Chi. The Lumberjacks defeated the Bobcats of Texas State University 44-27 in front of an excited crowd of more than 10,000 fans Saturday.

(Opposite Page Top) Members of the Alpha Phi Omega Fraternity light the annual Homecoming Bonfire at the Intramural Fields.

Womanless beauty pageant

That's not a woman, that's a man, baby!

— by Amber Lara

The winner of the 2003 Womanless Beauty Pageant was Meyonce (Montrail Davis).

"It was an honor to be named the beauty pageant winner," Meyonce said. "We all had fun working together knowing all of our hard work is going toward a good cause."

The event, sponsored by the Student Association of Social Workers, raised funds for the Women's Shelter of East Texas. The men dressed as women, danced to Beyonce Knowles' "Crazy In Love" and participated in beauty contests including first impressions, talent, formal wear and a question and answer session.

Mary Kay Cosmetics donated door prizes for the audience. The Mary Kay consultants donated their services and provided makeup for the men to complete their feminine look.

"This experience was the roughest skin I have ever worked with," Mary Kay consultant Andra Floyd said. According to Lindsay Tomes, Kingwood senior, organizing this event took a lot of effort.

"I just thank all the guys, because we could not have done this without them," she said. "This event was a lot of hard work, but in the end it was all

worth it."

Throughout intermission, NaKisha Freeman, Dallas senior, and Malcolm Watson, LaMarque senior, kept the crowd entertained with jokes and skits. Audience members also participated in the program with specific contestants during the talent portion.

"This show has been a lot of fun and very entertaining," Josh Wimberly, Kilgore senior, said. "There was a lot of crowd participation which made it more than what I expected."

Contestant "Twalletta," (Harry Robotton), New Orleans, La., senior, said this experience was different from the norm.

"My feet hurt, and I itched all over," Twalletta said. "This was truly an experience that made me realize women do have a much tougher time, but I feel better knowing this all was for a good cause."

Bringing in more than \$400, Stephanie Johnson, Robeline, La., graduate, believes the pageant was a huge success. "I am so thankful and proud of everyone who participated in putting this event together," Johnson said. "The members of SASW really appreciate this and believe the pageant turned out great."

(Left) Contestants strike a pose during the first round of competition.

(Above) A contestant struts his stuff down the catwalk during the evening gown portion of the contest.

“A Walk Down the Aisle Into the Past”

(Far Left) Sonia Saenz and Claire Mertz pose with a dress.

(Left) Sheryl Anne Bacon and Tricia Perisho work on a dress for the exhibit.

Students of Dr. Janie Kenner, professor of human sciences, capped their study of ritual dress by preparing an exhibition of wedding apparel featuring gowns from the Historic Costume Collection in the Department of Human Sciences. The exhibition, “A Walk Down the Aisle Into the Past,” was the creation of Kenner’s Twentieth Century Costume students.

The dresses were displayed in vignettes, and members of the campus community were invited to view the exhibit. According to Kenner, several of the wedding dresses in the collection are museum quality and have unique stories of their own. For example, a

1881 wedding dress alone with satin slippers, silk hose and leather gloves were originally worn in New York but had a unique journey to Nacogdoches.

“Weddings are special times in one’s life,” Kenner said, “and the clothing is often treasured, saved and handed down to the next generation.” She said the study of ritual dress is a fascinating journey and reveals information about the times, the economy and the lifestyles of the times. Students researched the history of the gowns and the wedding customs of the era. They also authenticated the dates of the dresses.

From the President

Dear Lumberjacks:

As the 2003-2004 academic year comes to a close, I take great pride in the fact that SFA has experienced some great things. One of the notable items announced this fall was the unveiling of the University's strategic plan, "Placing Student Achievement First."

The plan's goal is to position SFA to be a strong and more vibrant resource for higher education. I'm very proud of the plan we've produced. The document is 32 pages long and includes 71 recommended actions for the University to take over the next five years. It focuses on:

- strengthening the University's sense of community;
- reinforcing the need for administrators, faculty, staff and students to work more effectively with one another;
- encouraging free-flowing communication lines,
- making student achievement an even higher priority; and
- improving our retention rate.

An implementation committee of faculty and staff members is charged with keeping the campus on track and recording our progress. If we commit to something in the plan, we will work hard to make certain it becomes reality. I'm very satisfied with the product we've produced, and I believe it will serve as a dynamic and effective blueprint for future growth.

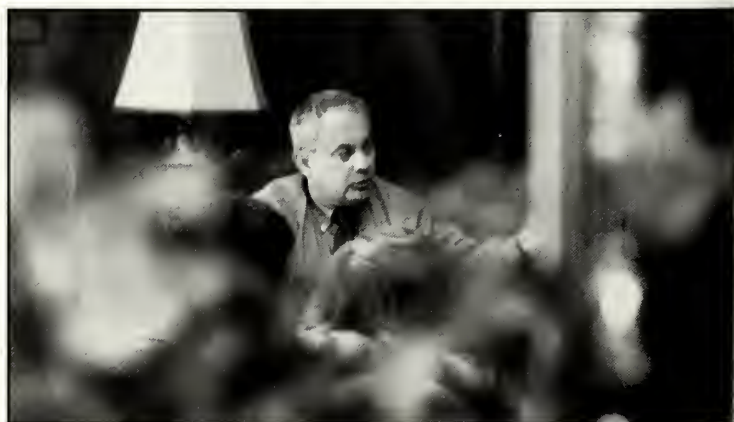

Three things about the plan distinguish it from past strategic plans. First is the implementation committee. Second, we have also written an appendix to the plan in which we list a way to assess progress for each action. Also, there is an office on campus that is responsible for implementation of each action. Third, from the very start, we wanted a plan that could be implemented and was written in terms where we could see if we were making progress.

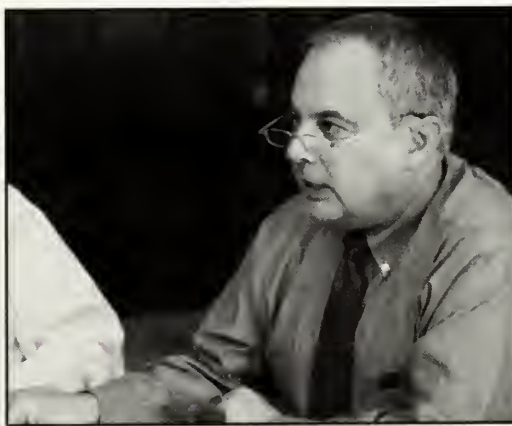

On the bricks-and-mortar side of the University, projects totaling \$57 million were either planned, begun or completed. Occupants moved into the newest campus building, Human Services & Telecommunications, and football fans enjoyed the renovations at Homer Bryce Stadium, which included a new press box with an expanded area for the working press and a second level that offers luxury boxes and a large, climate-controlled area with approximately 100 seats, which are available to the public. Upgrades in our telephone system offered the campus community voice mail functions, and students overwhelmingly approved a new fee structure to finance the extensive renovations for the University Center. That project is scheduled to get underway toward the end of the Spring Semester.

We also recorded achievements outside the classroom. SFA boasts three conference championships so far this year. The men's cross country team claimed its third Southland title in a row, and women's cross country brought home its second consecutive SLC title. For the first time in school history, the Ladyjack soccer squad prevailed in the conference tournament and advanced to the NCAA playoffs. They faced No. 12 Duke University in the first round and fell 3-0 to the Blue Devils.

This year has been a great one for SFA in the academic and athletic arenas. We look forward to many more highlights as we move into the next year guided by "Placing Student Achievement First," a solid and creative plan for the future. I hope each of you will consider yourself a partner in our efforts to help your university continue to grow and prosper.

Mr. and Miss **SFA**

Ellison, Meredith awarded campus honors

Seniors Hardy C. Meredith of Nacogdoches, left, and Casie Ellison of Spring were named Mr. and Miss SFA for 2003. Finalists for Miss SFA included Laura Brooks of Houston and Amber Williamsen of Kingwood. Mr. SFA finalists included Miguel Lozano III of Falfurrias, Phillip Yates of Alief and Nick Pesina of Royse City. The Stan McKewen Mr. SFA Award and the Arnodean Covin Miss SFA Award are made possible by permanent endowments by the SFA Alumni Association.

Communication Director Alumni Association

Casie Lynn Ellison of Spring and Hardy Christopher Meredith of Nacogdoches have been selected to represent Stephen F. Austin State University as this year's Mr. and Miss SFA.

The Mr. and Miss SFA title is an award presented each year by the SFA Alumni Association to exemplary students who well represent and promote SFA. Recipients are chosen by a committee that consists of faculty, students, staff and alumni.

A 2000 graduate of Klein Oak High School, Ellison is the daughter of Denise Briggs of Spring and Darwin Ellison of Tuscaloosa, Ala. She is a senior accounting major and is scheduled to graduate in May 2004.

Ellison is the director of the SFA Student Foundation Association. Her SFA activities include service as an SFA Ambassador, a supreme court justice for the Student Government Association, an orientation leader for two summers, an SFA 101 student instructor for two semesters and Jack Camp counselor. Ellison also served as co-chair of the District IV Association of Student Advancement Programs conference that was held at SFA.

Ellison participated in numerous community fun runs to benefit local organizations. In summer 2003, Ellison attended the LeaderShape Institute program in Champaign, Ill.

Meredith, a 2001 graduate of Central High School, is the son of Hardy and Jeri Meredith of Nacogdoches. He is a senior radio-television communication major and is scheduled to graduate in May 2004.

Meredith's SFA activities include service as an Orientation Leader for two summers, Jack Camp counselor, public relations coordinator for the Student Activities Association and a member of Residence Life. He received the Outstanding Service Award from the Student Activities Association.

Meredith worked as a lifeguard and pool manager for the City of Nacogdoches for four summers. During the semesters, he worked at the campus post office and for the Office of Public Affairs.

What is unique about this year's football team?

Head Coach
Mike Santiago

"They understand the concept of striving for perfection and expecting excellence."

Caddo Returns

The SFA Lumberjack Football team had a series of ups and downs in the 2003 season. After three consecutive 6-5 seasons and failing to go to the NCAA Division I-AA playoffs, SFA was looking at the season as a chance to get over the hump. SFA's only Southland Conference loss came to defending champion McNeese State on the road, by a narrow margin of 20-17.

In the last regular season game of the year, the Jacks beat Northwestern State on the road to reclaim the coveted Chief Caddo trophy.

SFA was led by quarterbacks Zeke Dixon, Westlake, La., sophomore, and Michael Williams, Houston junior. The Jacks also used the legs of Tony Tompkins, Port Arthur freshman, at wide receiver and running back.

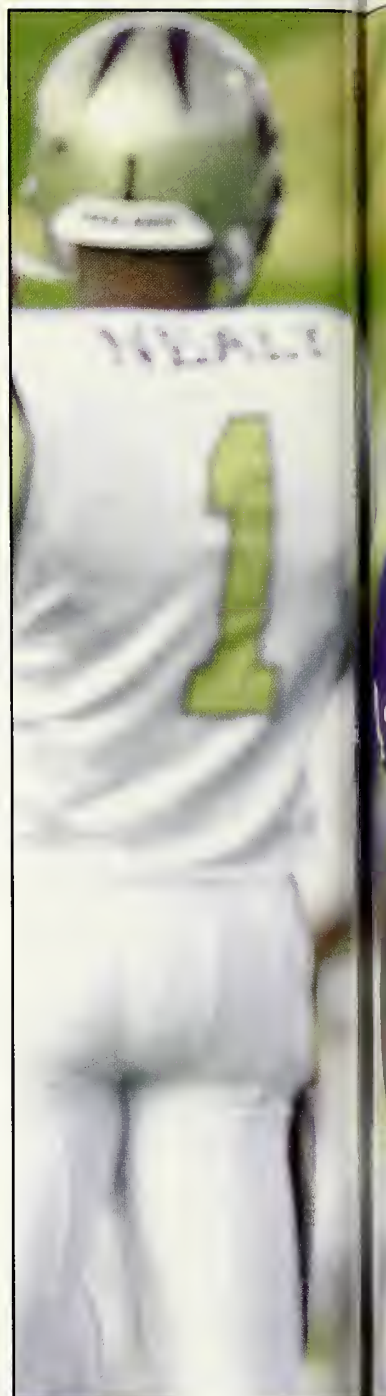

The Jacks saw a good crop of true freshman contribute to the effort, helping the team on its playoff run. Chance Dennis and Michael Motte, both from North Shore High School in Houston, stepped up in big ways. Dennis made big plays all season at wide receiver, and Motte performed well at the fullback position.

In mid-season, the Jacks got revenge on arch-rival Sam Houston, winning the game in Huntsville with a field goal by Ryan Rossner at the last minute. The game was the first Southland game of the season and sparked the Jacks, giving them

momentum that carried into the remaining games.

For Homecoming, SFA dominated Texas State, the school formerly known as Southwest Texas. SFA stopped TSU's passing game to take the win.

What are your expectations
of the 2003-04 Ladyjack
Basketball team?

Head Coach
Lee Ann Riley

"We were disappointed not to win the conference last season, but we have a real good group of young players, and I think we have a great shot at it this year."

Records, hearts break in 2002-03

The SFA Ladyjacks entered the 2002-03 season with just three players returning from last year's Southland Conference Championship team.

With a very young team, the Ladyjacks managed to finish the SLC regular season in second place behind UT-San Antonio.

SFA was eliminated from the Southland Conference tournament in the semi-finals by Southwest Texas, missing a chance for another trip to the NCAA National Tournament.

The season was highlighted by the all-time blocked shot record being broken by Amy Collins, San Antonio senior. Collins broke the 165-block record near the end of the season in San Marcos against Southwest Texas, with three blocks in the game.

The season was Head Coach Lee Ann Riley's second at the helm of SFA. Riley ended the season with a 15-13 overall record.

SFA won five straight at one point in the season, including a win over conference leader UTSA. The streak was snapped, however, with a loss to SWT.

The Ladyjacks have high hopes for the 2003-04 season, returning the majority of their roster, including young standout LaToya Mills. Mills and Kirby Killingsworth paced the SFA offense for much of the season.

Both will be returning to the starting lineup for the new season.

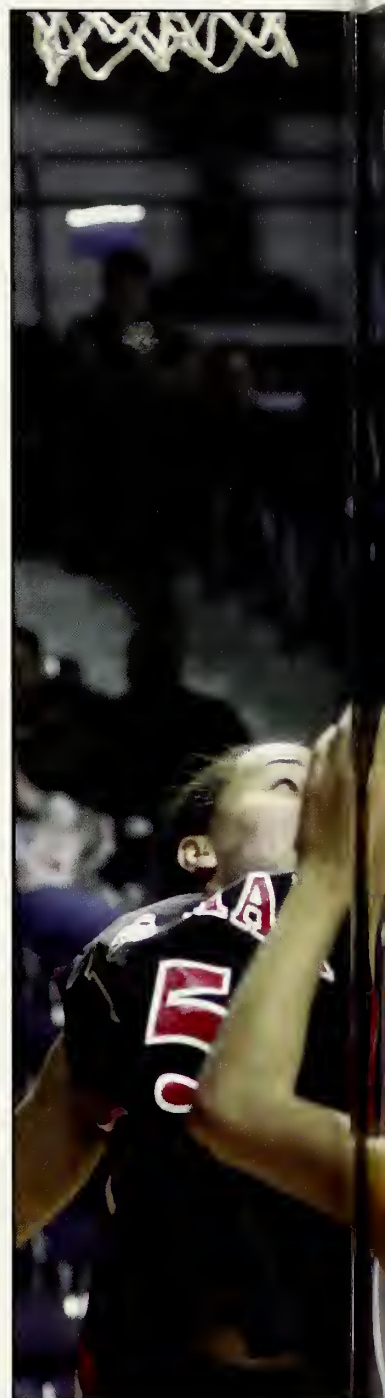

Nathesia Wright, Yolanda Grant and Collins finished their SFA careers in 2002-03.

What are your expectations for the 2003-04 basketball season?

Head Coach
Danny Kaspar

"I'm very optimistic. We've got a lot of experience and talent returning. They are very hungry after last season."

Jacks are Back

The SFA Lumberjack Basketball team was picked to finish fifth in the Southland Conference in the annual preseason coaches' poll. The poll was wrong.

The Jacks pulled together behind Head Coach Danny Kaspar in a season that will be remembered by fans for a long time. SFA shocked the conference finishing in second place in the regular season behind Sam Houston.

The Jacks then went on to lose to Sam Houston in the SLC tournament, 69-66 in overtime, in front of a huge crowd in Huntsville. SFA split games with Sam Houston in the regular season, winning the first meeting, 77-70.

This was a season in which a coach and players came together to bring a dying program back to life, reminding SFA fans and students that there is more than one

basketball team at SFA. For so many years the Ladyjack program received all of the acclaim for its national success, leaving the men's program in the dark and playing in an empty coliseum.

Senior Percy Green wrapped up his SFA career as one of the most dominating forces in the Southland Conference.

Meanwhile, true freshman Marcus Clark, from Marshall, emerged as a rising star. A player who could easily play for a larger program, he came to SFA to stay close to home and was one of the SLC's best passers,

averaging nearly four assists per game.

B.J. Banks and Jasen Gast are two players who also made a huge contribution to the Lumberjacks' success in 2002-03. Banks and Gast will return to the squad in what most think will be another successful season in 2003-04.

How has your team improved from the successful 2003 season?

Head Coach
Jennifer Poulsen

"This team will be the first to go through two seasons with the same coaching staff, and this will make them more consistent and confident."

From rags to riches

Erase everything and start writing a whole new story. This is exactly what the SFA Softball team did in the 2003 season.

In 2002, the Ladyjacks closed the season with a 9-51 record, losing nearly every game possible. This season SFA tripled its win total and competed with some of the top programs in the country.

The Ladyjacks had very narrow losses to No. 11 DePaul and No. 9 LSU. However, the Ladyjacks did manage to knock off No. 30 Baylor and get revenge on LSU with a 1-0 win.

Head Coach Jennifer Poulsen added several key players between the 2002 and 2003 seasons and turned around the program in just her second year at the helm. Crissy Autry, Baytown junior, transferred from a junior

college, tossed no-hitters and shut out Louisiana State.

Through most of the season the SFA pitching staff led all teams in the Southland Conference with an earned run average under 2.00.

Not only did Poulsen improve dramatically from the previous season, but her Ladyjacks won more games than any SFA team in the past four years.

The Ladyjacks also entered the last week of the season with playoff hopes still alive, but things did not fall their way in the end.

For the 2004 season, SFA will lose just two players from the successful squad. Pitcher Devin Cobb and infielder Meryl McGuire finished their SFA careers with the best team SFA Softball has seen in four years.

(Above) The SFA Softball team looks on from the dugout during an SLC contest.

What do you think made your team so successful this season?

Coach Nicole Nelson

"Our team chemistry was extremely unique this year. Our girls are very old friends on and off of the field. They truly play for each other."

Soccer gets dressed for Big Dance

The SFA Ladyjack Soccer team recorded its most glorious season ever in 2003. Many thought that Texas State and Southeastern Louisiana were the best the Southland Conference had to offer. They thought wrong.

After dropping their first two games of the season, the Ladyjacks went eight straight games without losing. The streak ended with a 2-0 defeat at the hands of SELU.

SFA won its next four games, bringing the SLC record to 7-1-0 before its next meeting with SELU. The Ladyjacks tied the Lady Lions, 3-3.

SFA would get its revenge.

The Ladyjacks let one more game slip in the regular season, finishing the season with a school-record 13

wins overall and a 9-2-1 conference record. SFA finished well enough to gain a No. 2 seed in the SLC Championships.

SFA went on to face SELU for a third time in the Southland finals and blanked the Lady Lions, taking home the Southland Conference title. The Ladyjacks also took an automatic bid to the NCAA College Cup tournament.

SFA dropped the first game of the tournament to Duke University, 3-0, in College Station.

SFA all-time career scoring leader Kendra Cannon, Kilgore sophomore, was a big spark, coming off an injury that ended her 2002 season. Cannon broke the record in just her freshman year and surpassed the mark in 2003. Goalkeeper Natascia Michalezki earned her second All- SLC award.

"SFA Volleyball has a new look in 2003: six of 12 players are new to our program, there are five freshmen on the squad, both setters are new to

Coach Debbie Humphreys

our program. The youth has caused us to have a slower start than normal, but we are really starting to put it together at the right time."

SFA takes a magical ride to the SLC tourney

The SFA Ladyjacks had a somewhat slow start in the 2003 season, entering Southland Conference play with a dismal 4-7 record.

SFA then dropped its first two conference games before beating Lamar to go 1-2 in SLC play.

After splitting its next two games, SFA went on to win 11 of its next 12 matches, bumping the Ladyjacks to 13-5 in SLC play. Possibly the biggest moment in that stretch for the Ladyjacks was upsetting conference leader Texas State University three games to one.

The streak was hot enough to boost the Ladyjacks from last place in the Southland Conference to a second place finish in the regular season and a No. 2 seed in the conference tournament.

The magical run stopped in the SLC

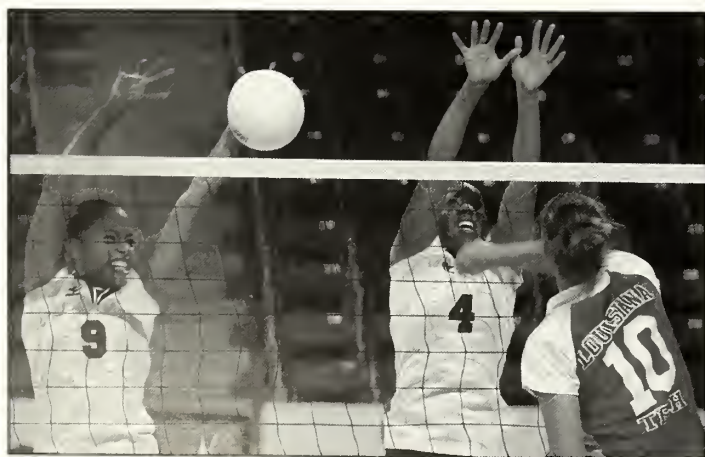

Championships when Nicholls State defeated the Ladyjacks in the second round of the tournament.

Even though the winning streak was accomplished with a full team effort, the highlight of the team was Brittany Burton, Livingston junior.

Burton earned SLC Player of the Week honors twice in the season. The second time she won the award came after a two-game stretch with 25 kills and a .377 attack percentage. Burton also

recorded 13 digs, six blocks and a service ace in those two games.

The Ladyjacks ended the season with an overall record of 19-13 and a Southland Conference record of 15-5.

"Our teams continue to perform at a very high level, and we look forward to the championships, where we

Coach Phil Olsen

can prove what we can do. I expect both teams to do extremely well this season."

SFA Track wins SLC Championship

The SFA Track teams had a successful year in 2003. The Ladyjacks won their first-ever Southland Conference Outdoor title. The Lumberjacks finished in fifth place in the conference and had several individual highlights during the season.

The Ladyjacks were led by a couple of athletes who picked up their second individual titles. Sophomore Ana Rodriguez recorded a SLC-best time to win the 5,000 meters. In the discus, junior Blake Gordon won the event with a mark of 157-00. Sophomore Jocelyn Stevens scored 10 points for the Ladyjacks in the 400-meter hurdles, winning the event with a time of 1:00.89.

The Lumberjacks were led by Justin Meier who earned All-Southland Conference honors in the 1,500

meters with his time of 3:58.59. His time was good enough for third place. Classmate Mike Thompson finished sixth in the event (4:00.83,) while Clifton Tierney posted a seventh-place finish (4:01.82). Junior Nathan Flores earned all-conference honors with his third-place finish in the 5,000 meters (15:06.76).

The SFA Cross Country teams dominated the Southland Conference. The Lumberjacks won their third consecutive SLC title while the Ladyjacks won their

second-straight title.

The Lumberjacks had four athletes who earned All-Southland Conference honors, while the Ladyjacks had three athletes to receive the all-conference award.

The Ladyjacks also had a strong performance in the SLC Indoor championships, finishing second.

"SFA Tennis has been working very hard and everyone is so close to one another and everyone has a great work ethic. Everybody

Coach Bret Arrant

does what is asked and does not complain or argue. Faster, stronger, better is our motto this year."

Ladyjack Tennis has year full of ups and downs

The SFA Tennis team is in its ninth year under head coach Bret Arrant, who has averaged more than 10 victories per season in the first eight years here.

In the 2002-03 season, the Ladyjacks lost their last eight matches, including a heartbreaker to Sam Houston State to end the tennis season.

SFA finished the 2002-03 season with a dismal 4-14 overall record and a 1-9 record in Southland Conference play.

As the new season began for 2003-04, the Ladyjacks showed signs of dramatic improvement, with a strong performance at the SFA Invitational and a huge win over Lamar University. SFA lost

just one match to Lamar in the 17-1 victory.

Just days later, the Ladyjacks won the doubles title at the Lamar Invitational with Emily Voss and Ashley Johnson leading the way.

Voss has been a strong performer for SFA for the past two years, winning 11 matches in 2003.

After the victories at Lamar, SFA took another loss to Sam Houston and then a loss to Texas A&M-Corpus Christi.

With Voss, Johnson and other upper classmen such as Robin Houston and Melissa Bass leading the way, SFA hopes to finish the 2003-04 season with a better record and make a run at the Southland Conference Championship.

(Above) Ladyjack junior Melissa Bass tries to connect on a good return in a match.

RECORD-SETTING SEASON

— by Dontray Hyder
— photo by Sam Craft

Amy Collins is a record breaker. Late last season, during a game with Texas State University in San Marcos, Collins became SFA's all-time leading shot blocker. She also holds the University record for shots blocked in a single game (8) and shots blocked in a single season (91.)

"Breaking the school's shot block record was always in the back of my mind," Collins said. "But my main focus was to win, and if I broke the record that would be awesome."

Also in her mind was college graduation, and Collins will accomplish that goal this year, despite having exhausted her basketball eligibility.

Even last year, she realized just how much she will miss the team after she is done playing. "I will miss everything about the team and playing for the team," she said. "I will miss having practice every day and playing in games. I feel like this team is my second family who I see more than my real family."

The saying "Kids learn a lot from their parents" holds true in the life of the San Antonio senior. "I learned the game through my father," Collins said. "He would let me shoot around with him, whenever he would play, and teach me things that I needed to do."

UCS

SFA

WORTH THE RUN

— by Dontray Hyder

— photo by Sam Craft

If hard work, determination and dedication are key elements for success, they explain the performance of De Soto junior Alex Beckworth on the SFA Men's Track team.

Beckworth originally grew up in Tatum, Texas, which is where his roots for running track were manifested.

"When I was younger, I played other sports like baseball, basketball and football," Beckworth said. "It was not until I was in the seventh grade that I began to run track for my school."

Beckworth is the first to admit that when he first started to run track he was not very good at it.

"Even though track was hard

for me at the beginning, I worked hard at it all of the time and got good."

Now on scholarship at SFA, he competes in the 110-meter hurdles, 400-meter hurdles, 4x400 meter relay and long jump.

In the Dogwood Invitational Track Meet, Beckworth placed first in the 110-meter hurdles (14.35), 400-meter hurdles (52.96) and the long jump (24-1 1/2 feet), which qualified him for the NCAA Regional track meet in Lincoln, Neb., in May and also got him named Southland Conference Athlete of the Week.

Beckworth credits most of his success to his grandfather, who passed away in 2000.

"My grandfather used to introduce me everywhere we went as the track star, and he wanted my name in the newspapers," Beckworth said. "But he would always tell me to keep running no matter how hard it may get for me."

These lessons and words that he learned from his grandfather motivated him to do his best at everything and never give up on what he wanted. They also gave him the motivation to work on cardiovascular training and weight training in the off-season to continue to improve.

Beckworth gets his mind right to compete by picturing the race before it even begins.

"I see myself running my race before I get into my blocks," he said. "I see myself winning first place

every time, which keeps me focused to do just that, because at that point it is just me, the hurdles and the track."

Beckworth is involved with many organizations on campus as well. He is a member of Kappa Alpha Psi Fraternity, the NAACP and TAASA.

He describes himself as a motivator, ambitious and very in touch with God and his works.

He has a special saying that he lives by, which enables him to accomplish whatever challenge comes his way.

"By an inch it is a cinch, by a mile it is a trial," Beckworth said. "This saying means that if you want to achieve something, it takes time and you will have to work hard for it, because success does not just come overnight."

STEPHEN E. AUSTIN

UCS

LEAVING IT TO CHANCE

— by Jarrod Evans
— photo by Sam Craft

When a college football team brings in a freshman, the coaches really don't know how the player will perform. When they put a true freshman in the starting lineup, they are taking a chance. This year, this chance has paid off better than any bet at a casino.

Chance Dennis, Houston freshman, stepped up for the SFA Lumberjacks. If he had not been here, the Lumberjacks might not have been in a position to win a share of the Southland Conference title.

Dennis made 28 catches for 700 yards and six touchdowns during the 2003 season. The statistic that stands out is his yards per catch, 23.8, among the SLC leaders. He always seems to be in the position to make the big play right when the Jacks need it the most.

His numbers and his level of play put Dennis in the running to be the second consecutive Lumberjack to win the SLC Freshman of the Year Award. Tony Tompkins, Port Arthur sophomore, won it last season, and Dennis took notice of that fact the day he stepped foot on the SFA campus.

"When I got here Tony told me he got the award last year," Dennis said. "That made me want to aim for that as an individual goal. I wanted to put my self in that same position so that when next year's recruits come in, they will have me to follow in the same way that I followed Tony."

SFA was not Dennis' first choice of schools to attend. He was offered scholarships by two Division I-A schools. He turned down one school and accepted a scholarship with New Mexico before signing day. However, New Mexico had a change of heart and pulled the scholarship offer.

One week before signing day, Dennis received a call from SFA offensive coordinator Greg Stevens. Dennis had previously met Stevens through a friend who was being recruited by SFA. Dennis then decided to visit SFA, met up with Tompkins and high school teammate Michael Motte, Houston freshman. Dennis liked what he saw and heard and signed with the Jacks.

"After New Mexico was out, I didn't really know how things were going to turn out," Dennis said. "Now that I'm here with this team and this school, I have no regrets."

The next thing Dennis knew he was in Nacogdoches in the summer working out with the team, trying to earn a starting position. He instantly fed off the leadership of All-American safeties Brent Hafford and David Crocker.

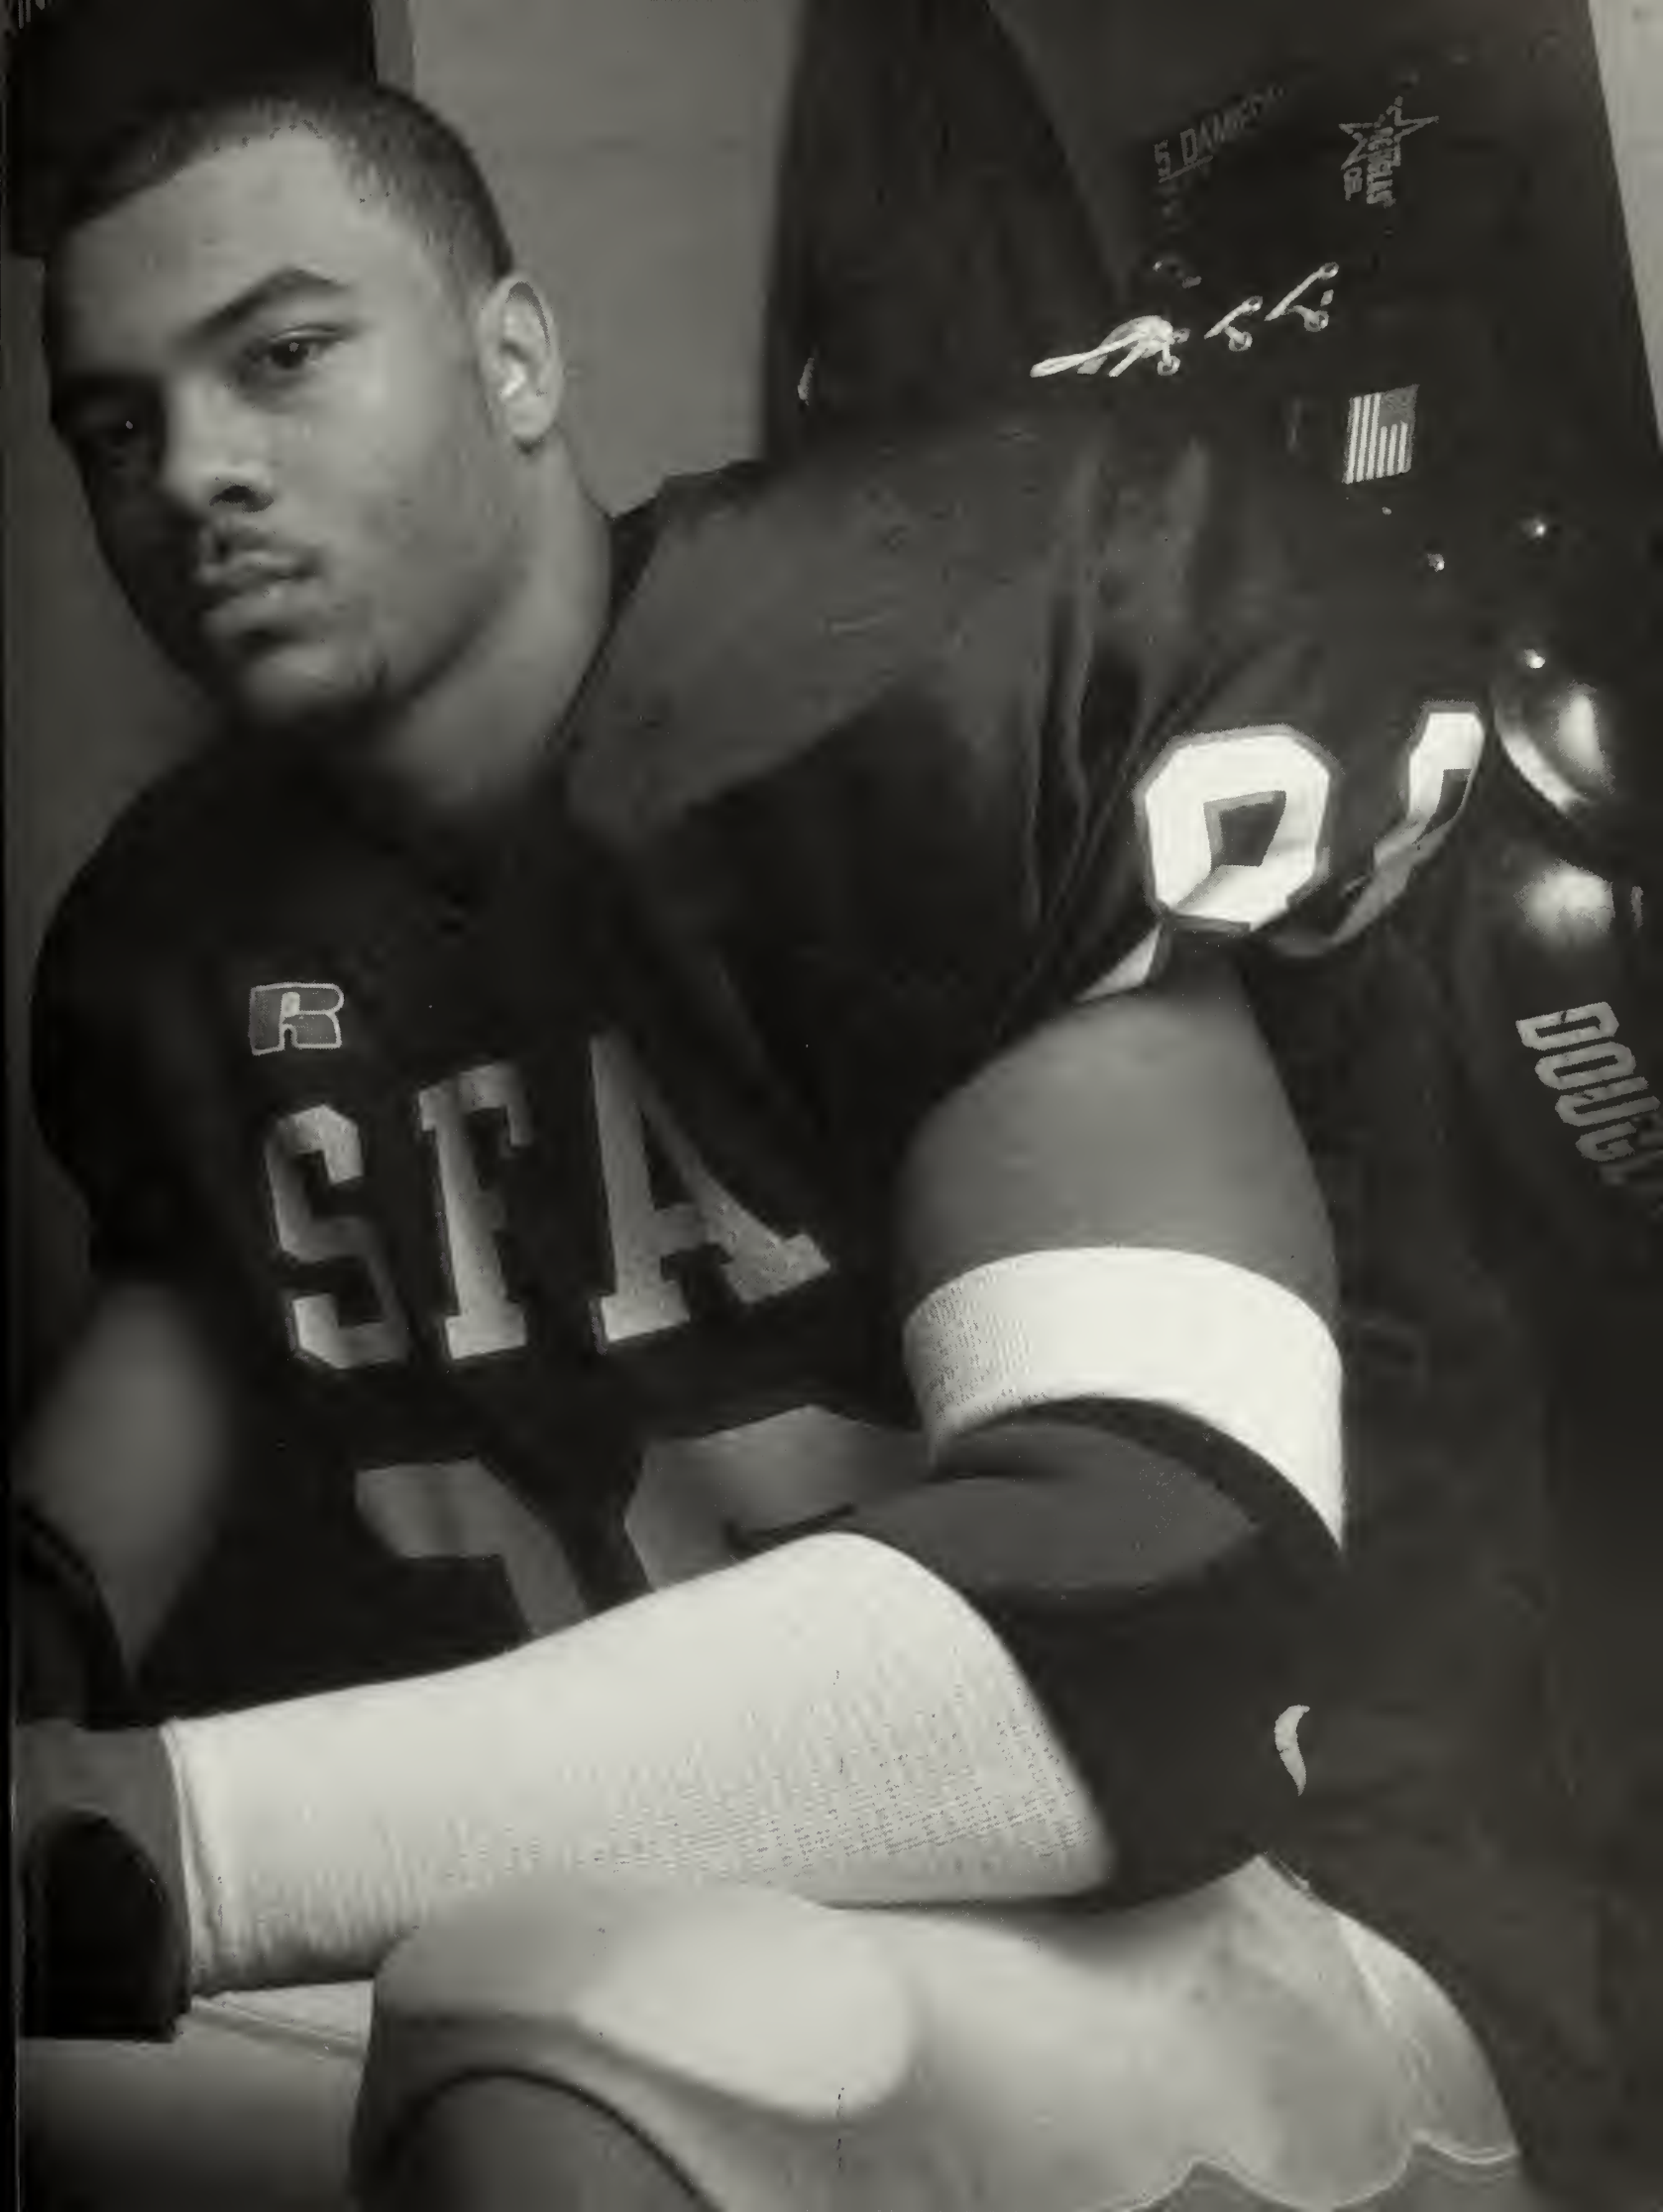

"Brent and David said that this was a new season and they

wanted to do it all," Dennis said. "They wanted the championship bad. I took their words and told myself that if coach got me in the game I would contribute the best I could."

Dennis has done exactly that in a season that has had its ups and downs for SFA. In one of the Jacks' biggest games of the season, SFA beat Nicholls State 28-16. Dennis made two clutch catches for a combined 82 yards, including a key 39-yard in the first quarter that seemed to spark the Jacks.

"When we beat Sam Houston, that's when it really hit me that I was a college football player," Dennis said. "All of that energy surrounding the rivalry, and all of the SFA fans and students that came down for the game was incredible."

REACHING GOALS

STOPPING GOALS

— by Jarrod Evans
— photo by Sam Craft

On Oct. 16 the Ladyjack Soccer team played its last game of the season, losing to Duke University in the first round of the NCAA National Tournament. Duke is a team that comes from the Atlantic Coast Conference, the strongest soccer conference in the nation.

The Ladyjacks knew the reason they got that far was the same reason they had a remote chance of competing with a team like Duke. That reason is Nataschia Michalezki.

Michalezki, Calgary, Alberta, sophomore, came to SFA from Canada and made an instant impact for SFA. She received the honor of second-team All-Southland Conference her freshman year, finishing third in the league in saves with 154.

This season Michalezki finished second in saves in the SLC, averaging 7.30 saves per game. Because of the standout goalkeeper, SFA led the league, posting nine shutouts this season.

Michalezki holds the SFA single season record with the 154 saves and could easily break the all-time career record in saves.

"The reason I have achieved what I have and the reason we won the conference is because my team makes me look so good," Michalezki said. "Our defense is awesome, and it makes my job a lot easier."

The Ladyjacks have had several big games this season, including the nine-save shutout against Southeastern Louisiana that gave SFA the SLC title and a bid in the national tournament. She also held Duke scoreless for 42 minutes of the game. This was the first time SFA has ever made a trip to the NCAA tournament.

This was not the first time Michalezki has encountered a big-game situation. In 2001 she led her high school in Canada to a national championship. She was also a three-time team Most Valuable Player in high school.

"It felt so good to win the SLC title," Michalezki said. "It is something we have worked hard all season for. Hopefully we can do it again next year."

With Michalezki returning for two more years, along with several other strong players, there is a strong chance she will do it all again.

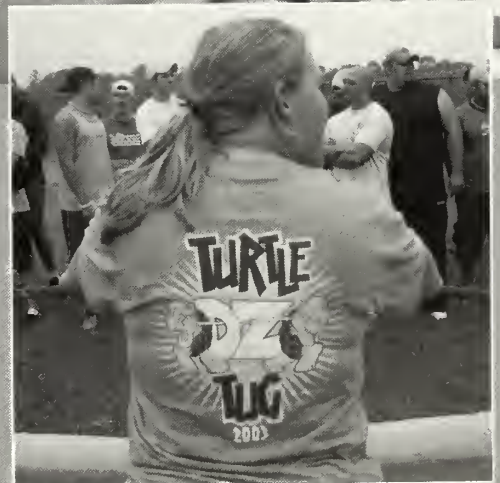

Greeks Greeks

FROM A NAPKIN TO A HOUSE

— by Julie Aschwege

It started as a sketch on a paper napkin. "A week later, the blueprints were done," Lee Nash, Sigma Chi Alumni Chairman, said of the fraternity's new house, which was completed on Oct. 25, 2003.

The process of creating the house began two years ago in June 2002, when Don Collier, the first president of SFA's Sigma Chi chapter, and his children visited what was then the fraternity's home.

Collier said that when he first pulled up to the house, he feared for the safety of his children and his brothers. He said the building looked like it literally was falling apart at the seams — something needed to be done.

The group studied facts and figures to determine and justify what would be best for the entire chapter. The fraternity eventually decided that the best plan, financially, was to sell the old house on Main Street and build a new one some place else.

The men wanted to build the house in a unique location that would make the fraternity stand out. The question now was: Where? And how much would it cost?

Sigma Chi decided on a four-acre plot located next to Woodland Hills Golf Course off Hwy. 59. "We liked the golf course idea because it was classy, and it

"Having a new house is an excellent way for the chapter to keep in existence here at SFA."

Sam Cimino

really parallels those ideals of the fraternity," Nash said.

The group's alumni helped choose the new house's location and fund the project, which will have a final cost of approximately \$500,000.

The house, which is 8,000 square feet, is furnished similar to that of a residence hall. It has four separate living areas, each living area having 2 bedrooms and will house up to 16 people. The cost to live in the house ranges from \$240 to \$400 a month. The chapter pays \$505 a semester to cover parlor fees and other regulatory fraternity events. The additional costs haven't dampened the enthusiasm of the fraternity members.

"Having a new house is an excellent way for the chapter to keep in existence here at SFA," Sam Cimino of Sigma Chi said.

Nash added that it has made the brotherhood even stronger. "It's boosted morale a thousand times!" he said.

Sorority Bid Day

— photos by Sam Craft

Every fall marks an SFA tradition where the women of the Greek system come together to recruit new members. All eligible women can take part in the recruitment process. The week starts off with the women touring each house and meeting different girls from different sororities. As each day comes, the women begin to sift through the mass, and in the end they find their home away from home.

(Above) Sorority shirts laid out to be placed on the new recruits.

FALL 2003 STEPS

FRATERNITIES GREET PLEDGES WITH OPEN ARMS

Members of SFA's 13 fraternities welcomed new brothers into the family on Saturday, October 4, 2003 during Steps, the traditional end to men's formal Rush Week. The pledges gathered inside the Austin Building, and when their name was announced, each man ran down the steps and was thrown into the arms of his fraternity brothers.

boxing and beer."*

Sig Tau revives an old tradition

— by Chris Valdez
— photos by Sam Craft

An SFA tradition was revived when Sigma Tau Gamma took over the Nacogdoches County Expo Center to present Fight Night.

The event raised an estimated \$20,000; 80 percent of the proceeds were donated to the Nacogdoches Boys & Girls Club.

Alumni, students, parents and community members showed up to this event, hosted by Sig Tau and the Nacogdoches Jaycees. "There's nothing more American than boxing and beer," Ben Potter, Big Sandy freshman, said. "That's why I came out."

Anyone who had been sanctioned by USA Boxing was eligible to fight.

Of the estimated 70 people who signed up to participate, only half showed up.

Fights consisted of three one-minute matches, if the two fighters chose to fight for all the rounds. Ten match-ups took place Friday, with another 11 taking place Saturday. Winners from Friday night fought alongside others Saturday.

Marc Choate, Sigma Tau Gamma vice president of programs, served as emcee. USA Boxing officials refereed the fights.

Emergency medical personnel were present both nights, and a doctor from Nacogdoches Memorial checked out fighters after they left the ring on Saturday night.

Stone Fort Staff

The production of SFA's yearbook requires commitment, talent and large measures of just plain hard work by a team of students and staff members dedicated to turning out a book that reflects the year on our campus. This year's Stone Fort staff has worked to produce a yearbook that you will truly enjoy, not just this year or next, but in years to come.

You can find your photograph and those of your friends in this yearbook thanks largely to gargantuan efforts of the Auxiliary Services IT Dream Team. Ed Wittel and Dan Duplechian helped us capture the 11,000-plus images from the University's identification system for inclusion here. And even though your ID photo may not have been taken on the world's best hair day, it will serve as a visual reminder of your 2003-2004 academic year at SFA.

In 10 or even 25 years, this Stone Fort can help you look back and remember — best friends and arch-enemies, old flames, favorite or dreaded professors, events and activities. You can laugh at hairstyles and clothing trends and wonder why you didn't get a new ID photo taken. We hope those memories of your days as a Lumberjack are captured in these pages.

editor's closing comments

Well, it's another late night in the basement — cold and quiet as usual. After taking a break to look at my schedule, I realized that my time here has flown by, and I have hardly missed a thing. I mean as crazy and exciting as my four years have been, it's time for me to go. So before I have to check my mailbox and log out for the last time, I need to say a few things.

First, as for my time here working for the Stone Fort and The Pine Log, I have no regrets. All the off-the-wall assignments for Cranderson and photo searching for Jamie (both of them) were worth the time. I even enjoyed putting together sections of the last three books, even though it wasn't my job and I had really no experience whatsoever.

The book itself — where to start? It amazes me what this publication has endured and how long standing it has been. Numerous cultural experiences, world wars, the Clinton years and of course the '80s, but through it all it has changed and evolved. Its history is just as rich and varied as any one of the students here at SFA.

When I first started thinking about doing this, I was going through my head asking why. Why put up with the crazy deadlines, missed organization photos and everything else that comes with being editor? Well after lots of thought and a beer or two, this is what I came up with: because no one tells the same story, because everyone wants to leave their mark, because we all want to be remembered. Granted the Stone Fort won't be a Pulitzer-winning book. It's still important, it still tells our story.

So as my time here in the basement comes to a close, I have to say that I'm going to miss it a little. Sure I won't miss searching for Greek party pictures, late deadlines, watching the sun set and rise from the back door and of course those nuclear-holocaust-sized roaches, but I will miss being a part of the staff — all eight of us.

To everyone who put up with me and all of this, thank you for the time and understanding.

To my fraternity brothers, thanks for tolerating me for these four years. I wouldn't trade any of the experiences I've had with ya'll for anything ... well maybe a few times during pledgship, but those are the only ones. And even though we will be separated by great distances, I know that I will see a few of you later in my life. How does the saying go? "These guys will be the best men at your wedding, the first to say congratulations at your child's birth and the men that lay you down to rest."

To my editors, thanks for your work on the book and for listening to my crazy ideas. I hope you enjoyed working on this book as much as I did. Also thanks to my fellow Pine Loggers for everything they have done for me over the years. We are still the coolest kids at TIPA and, yes, shout out to the Penguin and Stoney (the reindeer of love) as well. Thanks to Mary for helping with the book and for letting me choose my own font, because last years was a little ... not my type. And Pat, you've done more for me in four years than I have for myself, even though you just "advise." I couldn't have gotten this far without your help. Thank you for everything.

And finally to my family for supporting me the last five years of my life. To my dad for always knowing when to help me when I was down and for making me help myself when I was even worse. To my mom for always having a caring word when I needed to hear one. And to KC for always being someone to look up to and admire. Thanks for everything again.

Well, I'm not real big on endings - or writing for that matter - so as I close this chapter in my life, I will leave you with a few words of wisdom from my time here: Find yourself before you try to find anyone else in life, Tuesday and Thursday nights are the cheapest time to drink, go Greek because you'll regret it later in life if you don't and most of all, in the time you're here do everything that you can, party your ass off, go out whenever you can, date whoever, do whatever you want to, because life is short and these are the best years of your life and they only come around once. Thanks again for your time and all the memories. Deuces.
